### Addendum No. 2 Issued: October 23, 2008

---

This Addendum Number 2 is issued by e-mail on October 23, 2008. Except as modified hereby, the Request for Proposals remains unmodified.

#### Item #1

**Form of Contract:** Attached to this Addendum is the Form of Contract. THE TERMS OF THE FORM OF CONTRACT SHALL PREVAIL OVER THE RFP. TO THE EXTENT THERE IS AN INCONSISTENCY BETWEEN THE FORM OF CONTRACT ISSUED HERewith AND THE RFP, THE FORM OF CONTRACT SHALL GOVERN.

#### Item #2

**Requests for Information:** Below is a list of questions about this Project and the Office's responses as well as further clarifications.

1. Is the Maintenance Fee an annual number or a monthly number? **It is a fixed price management fee that will cover the remainder of FY 09 (i.e. approximately 11 months). It will be billed in equal monthly installments.**
2. Do we need to provide an actual \$4 Million bond at the time of execution or proof that bonding is available? Since there is no specific work that the bonding company is bonding at the immediate time, does this mean that an additional bond will be requested with each task order approved? If a bond is due at contract signing, is that amount immediately reimbursable? **A bond having a penal value of \$2 million will need to be proved when the contract is entered into.**
3. Can the contractor request a debriefing if they are not awarded the contract? What specific information will be provided during that debriefing? **Yes. The information provided at the debriefing will discuss the particular merits and weaknesses of the Offeror's proposal.**
4. Can we state our preference for a specific Group of schools? **Yes.**

The Contractor shall develop a checklist to be used in subsequent walk throughs of each of the Project Schools. The Contractor shall visit each of the Project Schools at least once every thirty (30) days and complete a walk through during which it shall inspect all of the key building systems, which shall include, but not be limited to, boiler, chillers, bathrooms, roofs, air handlers, doors and windows. The Contractor shall conduct the walk through in a manner in which it would be likely to detect any significant problems with the building and its systems and shall complete a copy of the checklist developed at each such monthly walk through. The Contractor shall retain a copy of the completed checklist for each walk through in its project files and shall also forward a copy of the completed checklist for each walk through to the Office. The Contractor shall bring to the attention of the Office any significant issues or problems uncovered during the walk throughs.
- .3 Estimates.** The Contractor shall prepare an estimate of the costs necessary to address an issue once it has been identified by the Office (each such item, a "Work Order"). The Contractor shall provide a cost estimate for each such Work Order which shall include a detailed cost estimate, a description of the problem, and corrective work required. The Contractor shall forward the estimate to the Office. The Contractor shall not proceed with any work related to the Work Order unless and until such estimate is approved by the Office and the Contractor is directed to begin work.

Any hazardous material that must be incorporated into a repair shall be approved for use, prior to being brought onto the worksite. The Contractor shall provide MSDS Sheets for all materials used on-site, whenever applicable.

Promptly after issuing such notice, the Office and the Contractor shall meet to negotiate the exact services and the cost thereof that will be provided during the Option Year. In the event the Office and the Contractor cannot agree on such services and pricing, then the Office shall have the right to assign this work to another contractor or to perform such work with its own forces.

## **Section 5 Changes.**

**Section 5.1 Changes Authorized.** The Office may, without invalidating the contract, and without notice to or approval of any surety, order changes in the Work, including additions, deletions or modifications. Any such change must be conveyed by the Office to the Contractor via written Change Directive or Change Order.

**Section 5.2 Executed Change Directive/Order Required.** Changes to the Contract may be made only by a written Change Directive or Change Order executed by the Office.

**Section 5.3 Prompt Notice.** In the event the Contractor encounters a situation which the Contractor believes to be a change to this contract, the Contractor shall provide the Office with prompt written notice of such event and the possible impact such event could have on cost and schedule. All such notices shall be given promptly, considering the then applicable situations, but in no event more than ten (10) calendar days after encountering the situation. The Contractor acknowledges that the failure to provide such notice in a timely manner could limit or eliminate the Office's ability to mitigate such events, and thus, the Contractor shall not be entitled to an adjustment in the event it fails to provide prompt notice. The Contractor shall include provisions similar to this provision in all of its subcontracts.

**Section 5.4 Executed Change Orders Final.** The Contractor agrees that any Change Order executed by the Office and the Contractor constitutes its full and final adjustment for all costs, delays, disruptions, inefficiencies, cumulative impact, accelerations, schedule impacts, or other consequences arising from the change in question, whether a Change Directive, or a Change Event, or from any claimed cumulative effect of changes made to the date of the Change Order, and that no further adjustments in compensation or time shall be sought or made with respect to the Change Directive or the Change Event giving rise to the Change Order.

**Section 5.5 Failure to Agree.** If the Contractor claims entitlement to a change in the contract, and the Office does not agree that any action or event has occurred to justify any change in time or compensation, or if the parties fail to agree upon the appropriate amount of the adjustment in time or compensation, the Office will unilaterally make such changes, if any, to the contract, as it determines are appropriate pursuant to the terms of this Agreement. The Contractor shall proceed with the Work and the Office's directives, without interruption or delay, and may make a claim as provided in Section 12 of this Agreement. Failure to proceed due to a dispute over a change request shall constitute a material breach of the contract and entitle the

Office to all available remedies for such breach, including, without limitation, termination for default.

**Section 5.6 No Additional Fee.** In no event shall the Contractor be entitled to an increase in or equitable adjustment to the Maintenance Fee unless the Office increases the NTE by more than \$1 million or elects to extend the duration of the Agreement.

In no event, however, shall the Contractor be entitled to recover lost profits or opportunity costs on the unperformed portion of work.

## **Section 11     Alternate Dispute Resolution.**

- .4 The arbitrator(s) shall base their decision on a strict interpretation of the Contract, and on any relevant facts submitted by the parties via documentary evidence or sworn testimony, without bias against or partiality to either party. Any award shall include an award of attorneys' fees and the costs of arbitration in favor of the party that substantially prevails on the merits. The decision shall be in writing.
